Help Us Make Illinois Healthier!

Having more dentists enrolled in the Medicaid Dental Program helps keep Illinoisians healthy.

Dental health is one of the most ignored facets of health care. However, we envision an Illinois in which all persons have uninhibited access to resources that promote oral health and reduce oral diseases. Dental providers are the cornerstone to achieving this vision. **Help us get there!**

Want to impact your community? Here's your chance!

Illinois is one of the few states that offer comprehensive dental services as part of the Medicaid program. This means that low-income Illinoisians, including pregnant, disabled, and undocumented adults, have access to premium dental care and are able to prioritize their oral health.

In order to fulfill this vision, we need caring, empathic providers like you. **Are you in?**

Enroll Today! Call the HFS Dental Provider Hotline at 1-800-842-1461.
