***Public Hearing to Review Petitions Requesting Addition of Debilitating Conditions
to the Medical Cannabis Registry Program***

James R. Thompson Center

Concourse Level, Assembly Hall Auditorium

100 W. Randolph Street

Chicago

AGENDA

- I. Call to Order of the Medical Cannabis Advisory Board**
- II. Discussion of Petitions for the Addition of Debilitating Conditions; Presentation of Technical Evidence; Deliberation by the Board**

Persons wishing to present technical evidence about a petition being reviewed are required to file a statement of intent in writing no later than 15 days prior to the date of the hearing, or by April 18, 2015, with the Division of Medical Cannabis. Persons who have not filed a statement of intent will not be able to present technical evidence at the hearing.

Anorexia Nervosa
Anxiety
Chronic Post-Operative Pain
Diabetes
Ehlers-Danlos Syndrome
Essential Thrombocythemia with a JAK 2 mutation
Irritable Bowel Syndrome
Migraine
Neuro-Behcet's Autoimmune disease
Neuropathy
Osteoarthritis
Polycystic kidney disease
Posttraumatic stress disorder (PTSD)
Superior canal dehiscence syndrome

III. Public Comment

If time is available prior to the end of the hearing, public comment will be allowed. Persons wishing to be called to provide public comment must register at the sign-in table before the beginning of the meeting. Registration does not guarantee a person will be able to provide public comment. If time allows for public comments speakers will be provided one minute to present their comments. Speakers will be called in the order in which they register.

IV. Adjournment
