

Illinois Asthma Program

Location of Funded Activities and Priority Areas

Notes: Asthma-related Healthy People (HP) 2020 objectives include reduce emergency department (ED) visits for asthma (RD-3). This measure is tracked for children under age five with a goal of 95.7 ED visits per 10,000. There is not a specific pediatric target; for program purposes, data for children under age five was used.

Data Source: Illinois Department of Public Health, Hospital Discharge Dataset, 2011-2014.

Concentrated disadvantage is an indicator of the relative well-being of a geographical area and measures of poverty (hardship, ineffective systems, and lack of resources).

Data Source: U.S. Bureau of the Census, 2015
