

Illinois Family Planning Program

Include pictures of young people, couples, LGBTQ+ youth, etc

Confidential sexual health and birth control services are now
available at your fingertips.
Anyone 12 and older can get these services on their own.

Services Include:

- All methods of birth control including the Pill, the Patch, emergency contraception (Plan B), IUD and implant, as well as other options.*
- **Free** Condoms
- Pregnancy Testing
- Routine physical exams, as needed
- STI/HIV screening/testing, diagnosis, and treatment
- ***All services are confidential***

*A sliding fee scale is used based on income.

No one is denied services if unable to pay.

Let's Talk About it!

Meet with a provider to discuss
all services and options available
to you.
