

Environmental Engineer I

Springfield Central Office/Division of Environmental Health

The Illinois Department of Public Health, Office of Health Protection, has an opening for an Environmental Engineer I in the Springfield Central Office. This individual independently performs detailed environmental engineering plan reviews, surveys, investigations and compliance inspections and provides detailed technical reports for supervisory review and approval. Assists in the enforcement of laws and regulations to provide safe and sanitary conditions in accordance with applicable policies and guidelines for the General Engineering Programs within the Division including, but not limited to, swimming facilities, manufactured housing, and recreational areas.

The successful candidate will demonstrate knowledge, skill and mental development equivalent to completion of four years college with a bachelor's degree in engineering and coursework in sanitary, public health or environmental engineering, preferably from an ABET accredited university. Prefer civil, environmental, mechanical or other applicable field of engineering.

Successful candidates require elementary knowledge of the basic principles, practices, and subject matter of environmental engineering including the design, construction, and operation of environmental systems and devices. The ability to interpret regulations, requirements, and policies of the program is also required as well as the ability to travel and possession of a valid Illinois driver's license. Excellent computer skills and work experience in Microsoft software products including, Word, Excel, Power-point, etc. is highly desirable.

The current salary range for this position is \$3,792 - \$5,601 per month

TO APPLY: 1) Download the Central Management Services (CMS) Employment Application (CMS-100) @ www.work.illinois.gov; 2) Complete the employment application indicating Environmental Engineer I as the position title, and; 3) Mail directly to:
