\*Planning Group presentations/discussions are centered on IHIPC functions/processes, the goals/indicators of the National HIV/AIDS Strategy (NHAS), the steps of the HIV Care Continuum, and the Getting to Zero Illinois (GTZ-IL) Plan domains.

**NHAS Goals:**

Goal 1: Reduce new HIV infections.

Goal 2: Improve access to health care/  
Improve health outcomes for PLWH.

Goal 3: Reduce HIV-related health disparities.

Goal 4: Achieve a more coordinated national response  
to the HIV epidemic.

**Steps of the HIV Care Continuum:**

1. Linkage to Care
2. Engagement in Care
3. Retention in Care
4. Antiretroviral Therapy
5. Viral Suppression

- I. Build the future workforce.
- II. Increase access to healthcare.
- III. Improve health equity.
- IV. Increase efficiency through governmental coordination.
- V. Care for linked, co-occurring conditions.
- VI. Measuring our progress through Surveillance and other data.

**GTZ-IL Domains:**
