DIRECTOR

April 20, 2020

To residents of the Prince Home at Manteno:

One of the most crucial things we can do is continue to communicate with you in a timely, responsible, and transparent manner about COVID-19 (coronavirus).

Please note that there has been one (1) additional case of COVID-19 at the Prince Home at Manteno, for a total of six (6) cases.

As always, the health and safety of our residents and staff remains our top priority. We are following recommendations from local health officials and the Illinois Department of Public Health (IDPH) to safeguard everyone at the home, including testing and screening staff and residents, maintaining safe social distancing practices, and by cleaning and disinfecting thoroughly and regularly.

To prevent further spread, we are encouraging all residents to stay in their rooms as much as possible until otherwise advised by local health officials and IDPH. We are prepared to respond rapidly and decisively with IDPH and local health officials to address any further cases of COVID-19 at this home.

We understand this news may be distressing. We are a strong and resilient community and we will get through this together. Rest assured that we will keep you informed as we work to keep each other safe. If you have any questions, please contact Wali R. Lewis.

Sincerely,
Tanya Huston, MSN, RN, LNHA
Administrator
