--	---	--

*If bioterrorism suspected then report immediately (within three hours)
**Reportable to the Extensively Drug-Resistant Organism (XDRO) Registry by providers

Laboratories also must report positive test results of these diseases electronically to their local health department within the time frame indicated.

All reports are confidential and should include—

- the disease or condition being reported
- patient’s name, date of birth, age, sex, race/ethnicity, address, and telephone number
- physician’s name & telephone number
- clinical information
- method of diagnosis

TO REPORT A CASE contact your local health department:

During regular business hours, call _____ - _____ - _____.

For emergencies after business hours, call _____ - _____ - _____.

If no local health department is available, contact the
Illinois Department of Public Health
