

HSVI Data Entry for Sexual Assault or other non-injury ICD codes

Complete the record as usual under the "HSVI" tab. Code the "Injury" "Mechanism of Injury" coding as described in the video.

The screenshot displays the IL UAT Web Registry and C/S interface. The browser address bar shows the URL: il-uat.traumaregistry.com/#/trauma_edit/5f0f0906a49b350df8116e6/. The page header includes the IDPH logo and the text "IL UAT Web Registry and C/S". The navigation menu contains: Home, Registries, Data Exchange, Reporting, Admin, System, My Account, Support, and Logout. The patient information bar shows: Patient Name, Facility: System, Arrival: 2020-07-01, Trauma #: 990000051, MRN, Status: Active. The main navigation tabs include: Demographic, Injury, Prehospital, Referring Facility, ED/Resus, Patient Tracking, Providers, Procedures, Diagnosis, Outcome, QA Tracking, HSVI, DP, and Memo. The "HSVI" tab is circled in red. Below the tabs, the "Injury Information" section is active, with "Mechanism of Injury" circled in red. The "E-Codes" section contains the following fields:

Under the “HSVI” Tab “Diagnosis - Injury Coding” with no injury diagnosis enter the information as follows:

The screenshot displays the IL UAT Web Registry and C/S interface. The top navigation bar includes the IDPH logo and the title "IL UAT Web Registry and C/S". The patient information bar shows "Patient Name Facility: System Arrival: 2020-07-01 Trauma #: 990000051 MRN Status: Active". The "HSVI" tab is selected and circled in red. Below the navigation tabs, the "Diagnosis - Injury Coding" section is active. The "Narrative" box contains the text "No Injury" and is also circled in red. Below this, there is a table for "Tri-Code ICD 10" with columns for "ICD 10", "PreDot", "Severity", and "ISS Body Region". The table is currently empty. The bottom of the screenshot shows the Windows taskbar with the time 9:01 AM on 7/30/2020.

In the “Narrative” box just below the “Tri-Code ICD 10” type in “No Injury”

When you use the “Check” button, it will show the following errors:

The screenshot shows the IL UAT Web Registry and C/S interface. The main header includes the IDPH logo and the text "IL UAT Web Registry and C/S". The user is identified as Joseph Albanese, System: System. The interface has a navigation menu with options like Home, Registries, Data Exchange, Reporting, Admin, System, and My Account. The main content area displays patient information: Patient Name, Facility: System, Arrival: 2020-07-01, Trauma #: 990000051, MRN Status: Active. Below this are tabs for Demographic, Injury, Prehospital, Referring Facility, ED/Resus, Patient Tracking, Providers, Procedures, Diagnosis, Outcome, and QA Tracker. The "Diagnosis - Injury Coding" tab is active, showing a table with columns for ICD 10, PreDot, Severity, and ISS Body Region. A "Narrative" section contains the text "No injury". A "Results" dialog box is open, displaying a table of error messages:

Source	Message
Injury Diagnosis	At least one ICD 10 Code should not be blank, unknown, or n/a
Injury Diagnosis	At least one PreDot should not be blank, unknown, or n/a
Injury Diagnosis	At least one Severity should not be blank, unknown, or n/a

The dialog box also has buttons for "Recheck", "Goto", "Validate", and "Close". The "Check" button in the main interface and the "Validate" button in the dialog box are circled in red.

To clear the errors, select each error and click the “Validate” button in the “Check” box summary.

When you select the “Validate” button, the system will ask if you want to validate the item, select “OK” for each error and the record will complete.
