A.12.1.5. The State will determine whether Bids complied with the instructions for submitting bids. Except for late submissions, and other requirements that by law must be part of the submission, the State may require that a bidder correct deficiencies as a condition of further evaluation.

A.12.2. **RESPONSIBILITY:** A responsible Bidder is one who has the capability in all respects to perform fully the contract requirements and who has the integrity and reliability that will assure good faith performance. The State determines whether the Bidder is a "responsible" bidder; a bidder with whom the State can or should do business. For example, the State may consider the following:

A.12.2.1. A "prohibited bidder" includes any person assisting an employee of the State of Illinois by reviewing, drafting, directing, or preparing any invitation for bids, a request for proposal, or request for information, or providing similar assistance unless such assistance was part of a publicly issued opportunity to review drafts of all or part of these documents. For purposes of this section, an employee of the State of Illinois means one who, by the nature of his or her duties, has the authority to participate personally and substantially in the decision to award a State contract. No person or business shall submit specifications to a State agency unless requested to do so by an employee of the State. No person or business that contracts with a State agency to write specifications for a particular procurement need shall submit a bid or proposal or receive a contract for that procurement need.

Nothing herein is intended to prohibit a vendor from bidding or offering to supply developing technology, goods or services after providing the State with a demonstration of the developing technology, goods, or services; provided the subject of the demonstration to the State represents industry trends and innovation and is not specifically designed to meet the State's needs. Nothing herein is intended to prohibit a person or business from submitting a bid or offer or entering into a contract if the person or business: (i) initiates a communication with an employee to provide general information about products, services, or industry best practices or (ii) responds to a communication initiated by an employee of the State for the purposes of providing information to evaluate new products, trends, services, or technologies.

A.12.2.2. Other factors that the State may evaluate to determine responsibility include, but are not limited to: political contributions, certifications, conflict of interest, financial disclosures, taxpayer identification number, past performance in business or industry, references (including those found outside the offer,) compliance with applicable laws, financial responsibility,

STATE OF ILLINOIS INSTRUCTIONS AND GENERAL INFORMATION

insurability, effective equal opportunity compliance, payment of prevailing wages if required by law, capacity to produce or sources of supply, and the ability to provide required maintenance service or other matters relating to the bidder's ability to deliver in the quality and quantity within the time and price as specified in this solicitation.

A.12.2.3. Awarded bidders must at all times have financial resources sufficient, in the opinion of the State, to ensure performance of the contract and must provide proof upon request. The State may require a performance bond if, in the opinion of the State, it ensures performance of the contract. The State may terminate the contract, consistent with the termination for cause provision of the contract, if the vendor lacks the financial resources to perform under the contract.

A.12.2.4. The State may require that a bidder correct any deficiencies as a condition of further evaluation.

A.12.3. **PRICE:** The State identifies the lowest priced bidder that meets responsibility and responsiveness requirements. The State ranks bids in order of price when appropriate.
