Minutes

The minutes from June 2018 were reviewed and approved.

Agenda Items

Illinois Department of Public Health (IDPH) Update

- IDPH thanked the committee for adjusting their timeframe to accommodate the Maternal Mortality Review Committees (MMRC).
- IDPH also gave an update on the MMRC report on data from case year 2015. Final recommendations will be made on the report on October 10th.
- Discussion on the CoIIN Lead Exposure Team
- CoIIN on Childcare/Lack of Childcare and its negative impact on health outcomes.
 - o Loyola is piloting a survey on labor units.
- IDPH also introduced its newest data manager, Abigail Holicky.

Review of Quality Measures

- Dr. Locher gave a presentation on quality measures.
- Gave examples on not recommended measures
 - o Universal Transvaginal Cervical Length screening
 - o Total cesarian delivery rate.
- Also gave examples on recommended measures.
- Discussion on what the SQC could help with moving forward.
 - o It was commented that often hospital systems work in silos and do not know what the others are doing.

- **Action Item:** Anyone interested should send Alex Smith an e-mail.

Severe Maternal Morbidity (SMM) Presentation

- Reviewed the presentation from June of 2018 from Stacie Geller and Abby Koch.
- Discussion on where to go from the presentation?
 - o Plan to create a committee dedicated to reviewing SMM cases at a statewide level.
 - o It was noted that abstractors of these cases might not see all of the appropriate data that might be needed for preventability. Sometimes patient files are missing.
 - o It was noted that it is important to try to eliminate bias.
 - o IDPH also wants reviews to happen outside of the facility, because the focus can be narrow and not directed as a state wide impact.
 - o Suggested possibly doing a pilot with a random sample due to the volume of cases.
 - o Discussed that with de-identified data, it would help facilities be more receptive towards ideas on preventability and consider it an opportunity for improvement.
 - o It was suggested to start with goals of the committee, so a concrete recommendation/outcome could be returned.
- Dr. Locher asked the Perinatal Network Administrators to think of barriers.
 - o It was discussed that probably all of the networks and facilities handle this process differently.
- There was a motion to begin the committee with a planning meeting on SMM from Ann Borders, and a second from Jean Goodman.

Membership Discussion

- Dr. Locher encouraged the group to reach out for interest for the committee.
- The group discussed including:
 - o Moms/Community Representation
 - o Local Health Departments
 - o Federally Qualified Health Centers
 - o Patient/Family Advisors
- **Action Item:** Asked the group to think of SQC membership and the proposed SMM group.

Administrative Perinatal Center Network Report

- Stephen Locher thanked Andrea Cross and Stroger for presenting at the last meeting.
- **Action Item:** If a hospital would like to present at the next meeting, let Stephen Locher know.
