

Risk Appropriate Perinatal Care (Perinatal Regionalization)

Increase the deliver of higher-risk infants and mothers at appropriate level facilities

1 Seamless refers to a well-designed and executed system of referral, consultation, communication, and transportation that results in a timely, smooth and safe transition

2 Activate refers to building knowledge, skills and confidence to equip women to become actively engaged in their care

The accompanying information, materials, and recommendations are the result of the collaborative efforts of a number of organizations and individuals on this project and do not necessarily reflect the views of any national partner.
